Index to the 1984 Southern Journal of Applied Forestry

Titles of articles, department features, and letters appear in italic. Where possible, common rather than scientific names are used for trees, shrubs, animals, and diseases. The number on the right of the column represents the page on which the appropriate article begins.

Aerial spraying, southern pine seed orchards 127
Ames, G. C. W. 5
Arvanitis, L. G. 43
Askew, G. R. 152
Australian pine 99
Autumn-olive 207

Barber, L. R. 127
Bark beetles 22
Barnett, J. P. 157
Barry, J. W. 127
Baumgras, J. E. 22
Bayleton seed treatment combined with foliar spray improves fusiform rust control in nurseries 51
Beck, D. E. 185
Bed height, slash and loblolly 29
Billion overtopped white oak—assets or liabilities?,A *216*
Biomass energy 5, 149
Bird censusing 47
Bird community changes in a young pine plantation in east Texas 47
Bivens, D. L. 216
Black cherry, gum spots in 22
Black oak 102
Boyer, J. N. 67
Brendemuehl, R. H. 96
Brisbin, R. 123
Brooks, D. G. 79
Burkhardt, E. C. 221
Burkhart, H. E. 185

Cain, M. D. 7
Calculator, TI-59 112
Cambium miners 22
Can hardwoods be eradicated from pine sites? 7
Capital budgeting process 2
Carbofuran affects growth and ectomycorrhizal development of loblolly pine seedlings 13
CEPA in sulfuric acid paste increases oleoresin yields 168
Chemical weed control in southern hardwood nurseries *16*
Cherrybark oak 226
Choctawhatchee sand pine 96, 149
Chopping 96
Clason, T. R. 194
Coal-ash effects on fuelwood production and runoff water quality 99
Computation of southern pine site index using a TI-59 calculator 112
Computer programs 4, 5, 79, 112
Computer programs for forest investment analysis 79
Conde, L. F. 181
Conner, R. N. 47
Converting rhododendron-laurel thickets to white pine with Picloram and mycorrhizae-inoculated seedlings 163
Corneil, J. A. 85
Cottonwood 221
Crane, W. H. 207
Crown scorch, Loblolly pine 35

DCPA 16
DeBarr, G. L. 13
Denig, J. 123
Dichlorobenil 16
Dickson, J. G. 47
Dimension lumber grade and yield estimates for yellow-poplar 123
Diphenamid 16
Direct-seeded cherrybark and shumard oaks battle natural regeneration through 10 years 226
Distribution of gum spots by causal agent in black cherry and effects on log and tree quality 22
Dixon, W. N. 85
Douglass, J. E. 163
Duba, S. E. 54, 189
Dunavent, B. B. 5
Duncan, I. 43
Dutrow, G. F. 76

Early results of a slash pine variety trial 41
Economic opportunities for investments in forest management in the southern U.S. 76
Ectomycorrhizae 13
Effect of logging equipment traffic on soil density and growth and survival of young loblolly pine 109
Effect of crown scorch on survival and growth of young loblolly pine 35
Efficacy of morning vs. afternoon applications of triadimefon for controlling fusiform rust 231
Energy wood farming, options in 149
EPTC 16
Equipment, logging traffic 109
Eradication, hardwoods 7, 194
Estimating moisture content in litter 197
Ethrel® 168
Eucalypts 100
European alder 207

Ferbam 51
Farrar, R. M., Jr. 112
Feasibility of aerial spraying of southern pine seed orchards 127
Feduccia, D. P. 223
Fire: loblolly crown scorch, 35; damaged slash pines, 85
Five-year performance of selected woody species on an upper Coastal Plain spoil bank 207
Fluazifop 16
Foliar spraying, fungicides 51
Foltz, J. L. 85
Forage yields improved by site preparation in pine flatwoods of north Florida 181
Forest nursery practices in the South 67
Foster, B. B. 115
Fox, W. 163
Fuelwood production, coal-ash effects on 99
Fumigation, soil 16
Fungicides, foliar spraying 51
Furadan® 13
Fusiform rust: in slash pine, 41; in nurseries, 51; wounds on loblolly pines as sites for, 205; controlling with triadimefon, 231

Genetics 54, 59, 114
Genetics alone does not determine volume 114
Georgia's wood fuel data base: an integrated information system for biomass energy users 5
Germination speed as a predictor of nursery seedling performance 157
Gingrich, S. 88
Godbee, J. F., Jr. 43
Goggans, J. F. 54, 189
Gray squirrels 31
Grosenbaugh, L. R. 3
Growth through 13 years of two pruned cottonwood plantations spaced for timber production 221
Guldin, R. W. 112
Gum spots, in black cherry 22
Gum yields 168

Hackfeld, M. C. 132
Hardwood eradication 7, 194
Hardwood eradication improves productivity of thinned loblolly pine stands 194
Hardwood nurseries 16
Hardwoods: eradication from pine sites, 7; chemical weed control in nurseries, 16; gum spots in black cherry, 22; gray squirrel habitat, 31; young Piedmont oak stands of sprout origin, 102; rhododendron-laurel thickets, 163; eradication improves thinned loblolly pine productivity, 194; Coastal Plain spoil bank, selected woody species, 207
Harlow, R. F. 66
Harvester, Makeri 132
Hay, R. L. 119
Hedden, R. L. 172
Herbicides 16
Hokans, R. H. 79
Hook, D. D. 136

Inflation and the capital budgeting process 2
Influence of bed height on the growth of slash and loblolly pine on a Leon fine sand in northeast Florida 29
Insect infestation of fire-damaged slash pines 85
Insecticides 13

INDEX contin.

Inventory 4
Investment analysis, computer programs for 79
Investment opportunities, in southern forest management 76
Investment terminologies 115
Ips engraver beetles 85
Irwin, G. H. 119

Jackson, B. D. 132
Japanese flowering crab apple 207
Jenkins, M. W. 132
Johnson, R. L. 226
Johnson, V. J. 197

Kaiser, H. F. 76
Kelley, W. D. 231
Kellison, R. C. 88
Kenney, P. A. 127
Klemperer, W. D. 2
Knoebel, B. R. 185
Kossuth, S. V. 168
Krinard, R. M. 221
Kraus, J. F. 41

LaFarge, T. 41
Laurel 163
Leaffooted pine seed bug 13
Lewis, C. E. 181
Litter, moisture content 197
Live trapping, gray squirrels 31
Loblolly pine: a bibliography, 1959–1982, 3; eradicating hardwoods from sites, 7; carbofuran affects growth, 13; influence of bed height on growth, 29; effect of crown scorch on survival and growth, 35; bird community changes in young plantation, 47; measuring seedling traits to select for volume, 59; nursery practices, 67; management and utilization, 88; effect of logging equipment traffic on soil density and growth, 109; using a Makeri harvester to thin, 132; sediment concentrations on wetland sites, 152; mortality from pales and pitcheating weevil attack, 172; *vs.* slash on Leon soil, 180; seed source testing, 189; hardwood eradication improves productivity, 194; wounds on, sites for fusiform rust infection, 205
Loblolly pine management and utilization—state of the art 88
Loblolly vs. slash on Leon soil 180
Lockaby, B. G. 109
Logging 109
Long, E. M. 59
Longleaf pine 168
Lorio, P. L., Jr. 201
Lowland tree species, waterlogging tolerance 136
Lumber grade, dimension 123
Lynch, A. M. 172

Makeri harvester 132
Managing urban forests to increase or decrease gray squirrel populations 31
Marx, D. H. 13
Matthews, F. R. 205
McComb, W. C. 31
McConnell, W. V. 149
McGee, C. E. 216
McLemore, B. F. 157
McMinn, J. W. 207
McReynolds, R. D. 168
Miller, T. 205
Minisite preparation for summer planting 119
Mycorrhizae-inoculated seedlings 163
Myers, R. K. 102

Nantucket pine tip moth 13
Napropamide 16
Naval stores 168
Neary, D. G. 163
Nurseries: weed control in, 16; fusiform rust control in, 51; practices in the South, 67; germination speed, 157

Oaks: managing to increase gray squirrel population, 31; young Piedmont stands of sprout origin, productivity, 102; overtopped white, 216; direct-seeded cherry bark and shumard, natural regeneration, 226.
Ocala sand pine 96, 127
Oleoresin yields, CEPA in sulfuric acid paste increases 168
Options in energy wood farming 149
Oryzalin 16
Outcalt, K. W. 29, 96, 180
Overgaard, N. 127
Overtopped white oak 216
Oxadiazon 16

Pales weevil 13
Patterson, R. M. 189
Pest management: computer program, 4; carbofuran, 13; in fire-damaged slash pine, 85; aerial spraying, 127; weevil attack, 172; southern pine beetle, 201
Phenology, strobilus, Virginia pine 54
Picloram-inoculated seedlings 163
Pines: loblolly *vs.* slash on Leon soil, 3; eradicating hardwoods on loblolly/shortleaf stand, 7; carbofuran affects loblolly growth, 13; bed height, slash and loblolly, 29; effect of crown scorch, loblolly, 35; slash variety trial, 41; pitch canker, slash plantations, 43; bird community changes in plantation, 47; Virginia, strobilus phenology, seed orchard management, 54; loblolly seedling trait selection, 59; nursery practices, 67; fire-damaged slash, 85; loblolly management and utilization, 88; sand, survival and growth, 96; loblolly, effect of logging equipment traffic, 109; Virginia, minisite preparation for summer planting, 119; seed orchards, aerial spraying, 127; loblolly, Makeri harvester to thin, 132; wood farming, 149; loblolly wetland sites, sediment concentrations, 152; nursery seedlings, germination speed, 157; slash and longleaf, oleoresin yields, 168; loblolly, pales and pitcheating weevil attack, 172; loblolly *vs.* slash on Leon soil, 180; flatwoods, forage yields, 181; loblolly, seed source testing, 189; loblolly, hardwood eradication improves productivity, 194; loblolly, wounds sites for fusiform rust infection, 205; Virginia, performance on Coastal Plain spoil bank, 207; slash plantation site index curves, 223
Pisolithus tinctorius 13, 119, 163
Pitch canker impact on volume growth: a case study in slash pine plantations 43
Pitcheating weevil 13, 172
Pitch pine 119
Poletimber 22
Prescribed fire 35
Productivity of young Piedmont oak stands of sprout origin 102

Regeneration 7, 89, 226
Relation between early- and late-season loblolly pine seedling mortality from pales and pitcheating weevil attack in southeast Oklahoma 172
Reproduction, pines 54
Rexrode, C. O. 22
Rhododendron 163
Riekerk, H. 99
Roadbeds 209
Roads 152
Robinson, J. F. 114
Robinson, J. J. 59
Rowan, S. J. 51
Ruehle, J. L. 163
Runoff water quality 99

Sampling estimates badly biased 3
Sand pine survival and growth on prepared and unprepared sites 96
Sarigumba, T. I. 180
Sawtooth oak 207
Scarlet oak 102
Schroeder, J. 123
Sediment concentrations from intensively prepared wetland sites 152
Seed orchards: slash pine, 41; Virginia pine, 54; aerial spraying of, 127
Seed selection 54, 59
Seed source testing 54, 189
Seed source testing of Alabama loblolly pine: implications for seed movements and tree improvement programs 189
Seed treatment, with Bayleton 51
Seedlings: loblolly, 13; fusiform rust control, 51; loblolly seed selection, 59; nursery practices, 67; germination speed, 157; mycorrhizae-inoculated, 163; mortality, 172
Service foresters' guide to investment terminologies—which ones are most easily understood by landowners?, A 115
Sethoxidim 16
Shortleaf pine, eradicating hardwoods on stand 7
Should small infestations of southern pine beetle receive control priority? 201
Shumard oak 226
Site index curves, slash pine 223
Site index, computing 112
Slash pine: influence of bed height, 29; variety trial, 41; pitch canker impact on volume growth, 43; stem char to predict mortality and insect infestation, 85; seed orchards, aerial spraying, 127; nursery seedlings, germination speed, 157; oleoresin yields, 168; *vs.* loblolly on Leon soil, 180; forage yields in flatwoods, 181; plantation site index curves, 223.
Slash pine site index curves for the west gulf 223
Smith, J. E. 181
Snag density 3
Soil bulk density 109
Soil losses from roadbeds and cut and fill slopes in the southern Appalachians 209
South, D. B. 16, 67, 114
Southern pine beetle 201
Southern pine sawyer 85
Southern red oak 99
Spoil banks, coastal 207
Stem char, to predict mortality 85
Stem volume and taper functions for yellow-poplar trees in the southern Appalachians 185
Strip-mine planting 119
Strobilus phenology of five sources of Virginia pine grown in central Alabama: influence on seed orchard management 54
Sulfuric acid paste, CEPA in 168
Summer planting, minisite preparation for 113
Swift, L. W., Jr. 209
Swindel, B. F. 181

Taper functions, yellow-poplar 185
Terminologies, investment 115
Thelephora terrestris 13
Thickets, rhododendron-laurel 163
Traffic, logging 109

INDEX contin.

Traits measured on seedlings can be used to select for later volume of loblolly pine 59
Transect counts: gray squirrels, 31; bird censusing, 47
Tree improvement programs 189
Triadimefon: foliar spraying, 51; for controlling fusiform rust, 231
Trifluralin 16

Urban forests 31
Using a Makeri harvester to thin a natural loblolly pine stand for the first time 132
Using stem char to predict mortality and insect infestation of fire-damaged slash pines 85
van Buijtenen, J. P. 59, 114
Van Lear, D. H. 35
Variety trials, slash pine 41
Vidrine, C. G. 109
Virginia pine 54, 119, 207
Vodak, M. C. 79

Waldrop, T. A. 35
Warlick, C. O. 54
Water quality 99
Waterlogging tolerance of lowland tree species of the South 136
Weed control 16
Weevils: pales, pitcheating, 13, 172; reproduction, 85
Wengert, E. M. 123
Wetland sites, sediment concentrations from 152
White oak 102, 216
White pine 163
White pine cone beetle 13
Wildfire 85
Wilkinson, R. C. 85
Williams, T. M. 152
Williamson, J. H. 47
With bias toward none 66
Wood farming 149
Wood fuel 5, 99, 149
Woods, F. W. 119
Wounds on loblolly pines are sites of infection for fusiform rust fungus 205

Yaussy, D. A. 7
Yellow-poplar: computer program to evaluate thinning alternatives, 4; dimension lumber grade and yield estimates, 123; stem volume and taper functions for, 185

Zahner, R. 102
Zarnoch, S. J. 223
